Subject: Re: CRISIS on our residential street - Meeting requested.

Hi Renee,

An expedited clean-up and some much needed help from the various departments would be amazing!!...

Especially those that can help the homeless on our street who are clearly desperate, and some kind of solution for this out of control situation so that we can sleep at night, walk safely in and out of our front doors and park our cars on our street without our windshields getting smashed in..It has become unbearable for us...As some emails have stated it is like living in a war zone..

If this encampment was sleeping at night and clearing out in the morning this would be a much different situation as our hearts go out to these people and they need to sleep too but this is clearly not what is happening...

Thank you so much as always for your efforts and being so thoughtful and responsive to our situation!!...

I know you mentioned you'd be working with the Council Office on our chronic situation...We have made many attempts to contact Bonin's office with no response as we are desperate

Re: CRISIS on our residential street - Meeting re...

for more of a longterm solution on our residential street...

Could you give us some advice on how we might be able to have a meeting with him and our neighborhood group so we can let him know what the state of our street is and come up with a permanent solution?...I think he must not be reading our emails and we are in a crisis situation...

The configuration of our dead end sidewalk has created the perfect environment for a very large and out of control permanent encampment...There is never any relief...The daytime is just as loud and rowdy as the night time with fights breaking out, loud music, open drug use, trash etc., and the residents feel under constant stress and have been threatened.. We can no longer live like this just trying to get through day to day life under this kind of stress.

Thank you!

Dear Councilman Bonin,

I'm sure you take comfort in your moral high ground that we, your constituents, have no compassion and are heartless and that you are fighting the good fight for the rights of the homeless. Please listen to us – your social experiment of allowing a homeless encampment to form and continue to exist on a residential street, in front of homes with

Re: CRISIS on our residential street - Meeting re...

children who don't feel safe, with families who need to use the back door in a dark alley to enter their homes rather than their front door on the street, with young women who don't feel safe walking anywhere on our street outside at night, with residents who won't park their cars on the street for fear of being harassed or having their windows broken, IS NOT WORKING.

On our street, every single day and night, there is drug dealing and use, there are syringes, there are criminals operating a bike chop shop, there are fights and yelling and screaming at all hours, car windows are being smashed in our street, there is human waste in our street, there is trash in our street. Someone is going to get seriously injured or seriously sick from the unsafe and unsanitary conditions that you have openly allowed on our street. I would think that it will not be long before the health department is called onto our street and the human fecal matter and urination on our street will cause some issues with Whole Foods food deliveries in back.

Please keep this in mind – most of us on 7th ave have lived in Venice for many years. We have seen it all. We have lived with the homeless all those years and have tried to give a helping hand whenever we could. But this is different. The people living on our street now are a threat to us.

Please do your job – which can be both keeping a residential street that your constituents live on safe and sanitary AND implement a temporary solution for the homeless that provides them shelter and restrooms on city owned land.

Sincerely,

Jared Levy

215 7th Ave Venice

Subject: Re: CRISIS on our residential street - Meeting requested.

Dear Council Member Bonin,

Re:Violent Permanent Encampment on 7th Ave. North of Rose Ave. - Residential Street

I'm not sure if you have heard that over the weekend several windshields were bashed in on 7th Ave. and there have been arrests at the bike stealing ring that is set up on our sidewalk

but that continues to operate.

Re: CRISIS on our residential street - Meeting re...

The encampment on our street remains thriving and unchecked and now this morning more fighting in the street waking up residents...There is constant open drug use....We can't take much more of this...

We can't have an encampment like this so close to a residential usage...We can't live like this any longer. Please consider being woken up most every night by fighting and screaming and being scared to walk out your front door and unable to park on your street...Please check police records and you will see what has been happening...

situation... Please stop ignoring our calls for help and looking the other way and help us resolve this

residences. It must be implemented immediately that an encampment can't set up with-in 500 feet of

sidewalk We too have rights as citizens to be kept safe and able to sleep at night and walk down our without fear but this has been completely overlooked...

Sleeping on the street at night is one thing and we all have big hearts and it would be great if this is what was actually happening...Tents with people sleeping between 9pm and 6am sounds dreamy but this is clearly not the case. This has been a social experiment gone terribly wrong...

unpredictable This encampment is very entitled and they are there to party and act out and many of them clearly have mental issues that need serious attention so they are unstable and making it that much more scary to walk down the street...Certainly society has failed them in some way and we need to take care of them but this has gone way to far to have it allowed to happen on a residential street...

months!... This Encampment has reached crisis levels of violence and threats and has been this way for 6

people without homes The people on our street can't live like this..This is insanity...We absolutely feel for the but it seems they have also been given the right to do as they please with complete disregard surroundings and are out of control and harassing the residents and vandalizing cars that park next to them...

encampment I've written many emails to you and have never heard back. When will enough be enough...If an like this were in front of your house would you then finally do something about it?...You really need to face this

Good Morning,

I wanted to give an update to the 7th Ave N/O Rose Community.

Yesterday, our HOPE Unit spent time on 7th Ave, they are able to address Bulky Item and any items people are willing to dispose of, along with Outreach Resources. This will be helpful, while the location is going through the Protocol's for a posted scheduled clean up by Sanitation. I checked on the location this morning and there are 13 Individual Tents at this time, one tent was not in compliance for the 36 Inch rule, however they complied immediately once I spoke to the individual.

I wanted to remind the group on this thread, that during the event that it is raining or under 50 Degrees, they are allowed by law to keep there tents up, therefore Law Enforcement does not enforce the 6 AM to 9 PM part of the law.

Thank you again for the pictures and updates!
